PLACE NAMES in CALIFORNIA

Place Names in California is produced by the Department of Transportation as a ready reference to places shown on the California Road System (CRS) maps. The CRS maps show all public roads, the functional classification of public roads, cities, urban-rural boundaries and other features. The place names selected for inclusion are those considered important to the Department in fulfilling its transportation related responsibilities.

The Local Assistance Division in the Planning functional area maintains a system that identifies each city and each county with a unique code number. These codes are primarily used to identify local assistance projects and for tracking payments by Accounting. Other functional units have found these codes to be very useful for planning and project development.

Two new cities were incorporated since publication of the previous edition. Aliso Viejo in Orange County became a City on July 1, 2001. Rancho Cordova in Sacramento County became a City on July 1, 2003. There are now 477 incorporated cities in the State of California. The highest Code number is 481 with four codes no longer used due to reasons of merging of cities or unincorporation.

Any errors or suggestions for improvement should be reported to Caltrans, 1120 N Street/P.O. Box 942874, Room 5515, Sacramento, CA 94274-0001, Attention: Office of GIS, GIS Mapping Services Branch, Mail Station 38, or call (916) 654-3206, Calnet 8-464-3206.
